

# Revising Guidance on the Content of Emergency Preparedness Plans

## What will change in Revision 2 of NUREG-0654/FEMA-REP-1?

- Section I changes include a comprehensive update to the current information and clarification on how to use the document.
- Section II changes include revisions to the planning standard evaluation criteria and language based on updates to emergency preparedness (EP)-related regulations, policies, directives, technologies, and lessons learned since Revision 1 was issued 30+ years ago.
- The following appendices will be phased out and information addressed in other guidance documents:
  - o Appendix 1, Emergency Action Level Guidelines
  - o Appendix 2, Meteorological Criteria
  - o Appendix 3, Alert and Notification Systems
  - o Appendix 4, Evacuation Time Estimates
- Revision 2 will no longer include the following supplements. The information in these supplements will be updated and included in the main body of the NUREG.
  - Supplement 1, "Criteria for Utility Offsite Planning and Preparedness"
  - Supplement 2, "Criteria for Emergency Planning in an Early Site Permit Application"
  - Supplement 4, "Criteria for National Preparedness Initiative Integration, Exercise Enhancement, and Backup Alert and Notification Systems"

Revision 2 of
NUREG-0654/FEMA-REP-1,

"Criteria for Preparation and Evaluation
of Radiological Emergency Response
Plans and Preparedness in Support of
Nuclear Power Plants"

#### Project Milestones

Issue draft NUREG-0654/FEMA-REP-1, Rev. 2 for 90-day public comment period.

Issue revised draft
NUREG-0654/FEMA-REP-1, Rev. 2
for (optional) additional 60-day public
comment period.

Publish final NUREG-0654/FEMA-REP-1, Rev. 2.

## What will be in the new NRC EP guidance document?

Amplifying guidance for the evaluation criteria in Rev. 2 of NUREG-0654/FEMA-REP-1 and information from other NRC EP guidance documents, regulatory guides, generic communications, letters, etc., including:

- NSIR/DPR-ISG-01, "Interim Staff Guidance Emergency Planning for Nuclear Power Plants"
- NUREG-0654/FEMA-REP-1, Supplement 3, "Guidance for Protective Action Strategies"
- NUREG-0396 EPA 520/1-78-016, "Planning Basis for the Development of State and Local Government Radiological Emergency Response Plans in Support of Light Water Nuclear Power Plants"
- NUREG-0696, "Functional Criteria for Emergency Response Facilities"
- NUREG-0737, "Clarification of TMI Action Plan Requirements," and NUREG-0737, Supplement 1
- Regulatory Guide 1.101, "Emergency Response Planning and Preparedness for Nuclear Power Plants"
- Regulatory Guide 1.219, "Guidance on Making Changes to Emergency Plans for Nuclear Power Reactors"
